Report Blames Police For Chicago Riots

ACCORDING TO A special federal report to the President's commission on violence, dozens of newsmen covering Chicago street clashes during the Democratic National Convention last August were deliberately attacked and beaten by police. John Evans, NBC newsmen, interviewed a bloodied man after Evans said he was struck by a policeman Aug. 27 in Chicago's Lincoln Park. (AP Wirephoto)

WASHINGTON (AP) — A government report blaming Chicago police for the bloodshed that marred the Democratic National Convention was welcomed today by people who were on both sides of the epic August street battles.

One somewhat unusual reaction came, however, from the Government Printing Office which refused to reproduce it without deletion of an obscene four-letter word that appears 82 times.

"Over-all it is an excellent study," said Chicago Mayor Richard J. Daley, who commissioned his own national television report shortly after the convention to defend his city and its policemen.

One of the leaders of the anti-war protesters—whom the report says were the victims of mindless, unrestrained and indiscriminate police violence—said it had "some gratifying aspects."

Suspend Some

Daley said the bulk of the Chicago police force reacted with responsibility during the five August nights of disorder in darkened parks and downtown

streets. He said some policemen have been suspended for their part in the violence and still others face dismissal.

A special task force compiled the report—an almost blow-by-blow account of the ferocity of the battles and the fever of the protests—for the President's commission on violence, which made it public without comment.

The White House was silent on its reaction to the report.

The task force said some police struck down innocent bystanders and peaceful protesters as well as taunting antiwar antagonists.

"To be sure, demonstrators threw things at policemen and at police cars," the report said, "but the weight of violence was overwhelming on the side of the police."

Chased With Clubs

More than 10,000 demonstrators—actually outnumbered by the police force and National Guardsmen—converged on Chicago for the week of wild brawling that erupted, ironically, out of a protest for peace.

The report said the demonstrators showered police with

obscenity, with beer cans, with chunks of concrete and ping pong balls studded with nails. One policeman was offered a sandwich filled with excrement, others were targets for sacks of human waste, the report said.

The response, said the report, "was unrestrained and indiscriminate police violence."

"That violence," it said, "was made all the more shocking by the fact that it was often inflicted upon persons who had broken no law, disobeyed no order, made no threat."

Newsmen were singled out by cursing policemen and clubbed to the ground, the report charged. Casual onlookers and innocent residents were caught in the orgy of anger, it said.

The violence began as police evicted demonstrators from a lakeside park on the first nights of the convention and chased them with clubs through the streets of a night club area in what the report said "can only be called a police riot."

It came to a climax as police beat back thousands of demonstrators besieging the candidates' downtown hotel on the night of the nomination while a

shocked world watched on television.

Not One-Way Battle

"There is little doubt," the report said again, "the preponderance of violence came from the police."

But it adds, "It was not entirely a one-way battle."

Balding pacifist David Dellinger, leader of the peace protests, said in New York Sunday that the report has "some gratifying aspects." But, he insisted, it "overemphasizes the provocations on the part of the demonstrators."

Dellinger is among five top figures in the Chicago disorders under subpoena to testify as a House Un-American Activities subcommittee resumes its hearings today on the convention clashes.

Rep. Richard Ichord, D-Mo., subcommittee chairman, has said earlier hearings uncovered a number of known Communists involved in the protests. But the task force report said that while Communists were present at almost all stages, "none of them ever had much direct influence" on the planning or the actual clashes.

The report concludes the violence involved in the violence were a minority of Chicago's 12,000-man force, but it says the taint falls on all.

"There has been no public condemnation of these violators of sound police procedures and common decency by either their commanding officers or city officials," the report charged.

"Nor," it added, "has any disciplinary action been taken against most of them. That some policemen lost control of themselves under exceedingly provocative circumstances can perhaps be understood, but not condoned."

The study said if no action is taken against the police, then other officers who did act with responsibility will be discouraged.

It warns, "Although the crowds were finally dispelled on the nights of violence in Chicago, the problems they represent have not been."

"Surely this is not the last time that a violent dissenting group will clash head-on with those whose duty it is to enforce the law. And the next time the

whole world will still be watching."

The task force made no recommendations in its report—that is expected to be the job of the full 13-man violence commission headed by Dr. Milton S. Eisenhower.

The commission is due to go into seclusion at a Washington hotel next weekend to begin writing its full report to President Johnson on the wide range of violence in America.

In the blur of the battle, even the final number of injured remains uncertain in the report.

It counts 192 policemen hurt, 49 of them hospitalized.

On the other side, 101 demonstrators were hospitalized and the protesters' own medical teams estimated—without full records—more than 1,000 others were treated for tear gas or injuries.

Among the other victims were 63 newsmen attacked and beaten by police.

The report said police singled out reporters and cameramen as they tried to cover the melee

Israelis Bomb Jordan; Cut Port From Capital

AMMAN, Jordan (AP) — Israeli planes bombed Jordan with air strikes, commando raids and artillery barrages Sunday and early today, a Jordanian military spokesman said.

Admitting only a raid by land forces and an artillery exchange, an Israeli army spokesman in Tel Aviv said commandos cut a highway and railroad between Jordan's capital and its only port Sunday by blowing up two bridges 40 miles inside the Arab country.

The Jordanian spokesman said Israeli jets bombed a convoy of trucks on a desert highway Sunday, destroying six. During the night, he continued, jets returned to bomb the village of Kfar Yuba in northern Jordan, killing two soldiers and wounding a third.

Retaliation
The spokesman said helicopters brought the Israeli commandos who blew up 100-foot road and rail bridges on the

highway between Amman and the port of Aqaba.

He said two civilians were killed and four were injured, and the helicopters took the commandos out before Jordanian troops arrived.

The Israeli spokesman said the raid was in retaliation for at least 50 Arab sabotage attacks from Jordan since Nov. 16, when King Hussein and the sabotage groups were reported to have reached an agreement restraining the saboteurs.

The attack on the bridges was the second Israeli commando raid in a month. On Oct. 31 a task force blew up two bridges and a power station on Egypt's Nile River after an Egyptian artillery attack across the Suez Canal in which 15 Israelis were killed.

The Jordanian spokesman also charged that Israeli gunners precipitated a three-hour artillery duel Sunday by shelling the town of Irbid from the occupied Golan Heights in Syria.

He said two children and an adult civilian were wounded.

Peace Envoy

The Israelis said the Jordanians started it by shelling a number of farm settlements in the Beisan Valley, causing slight damage and injuring one person.

Meanwhile Israeli Foreign Minister Abba Eban prepared to resume talks in Cyprus today with Gunnar V. Jarring of Sweden, the U.N. peace envoy for the Middle East. Jarring then flies to Egypt Wednesday and to Jordan Saturday.

In a television interview Sunday, Israeli Defense Minister Moshe Dayan called for a "more intensive and radical effort toward integrating the West Bank and the Gaza Strip into Israel-economic integration, not political. Not annexation and no conversion of the local inhabitants into Israeli citizens."

Dayan said the only alternative was to let these occupied territories become independent units, "which we do not want."

The Arab land which Israel took over in the 1967 war "must be seen as a part of Israel from the economic point of view and this link must be tied swiftly and immediately," he said.

Political sources said Dayan's remarks were part of his dispute with Industry Minister Pinchas Sapir, who feels such integration would cause Israel's Jewish image to be lost because of an enlarged Arab population.

College President Marries Student

CAMBRIDGE, Mass. (AP) — Don A. Orton, 50, the president of Lesley College, and Leslie Ellen Feuer, 20, of Teaneck, N.J., a junior at the college, were married Nov. 18 in Las Vegas, Nev., a college spokesman said Sunday. Formal announcement of the marriage was sent to the faculty and the 650 students of the college last week.

Orton, who has four children by a previous marriage, was appointed president of Lesley College in 1960.

Mrs. Orton, who was majoring in elementary education, has withdrawn from the college. The couple is living at the president's house on the campus.

Ichord Against Daley Being At Hearings

WASHINGTON (AP) — The chairman of a House subcommittee looking into disorders in Chicago during the Democratic National Convention hopes hearings that resume today will lead to legislation aimed at preventing similar outbreaks.

Democrat Richard Ichord of Missouri also said that he will not tolerate circus-like antics that plagued an early subcommittee hearing and inquiries conducted by the parent House Committee on Un-American Activities.

The hearings, expected to last a week, come after the President's commission on violence released a report saying Chicago police, although under tremendous strain, were to blame for most of the convention disorders.

Ichord said Chicago Mayor Richard Daley "definitely will not appear." He said Daley's representatives "have adequately represented his views."

Ichord said his ideas for new legislation based on the hearing results would include more stringent regulations on foreign travel by possible subversives, and "a delineation of what is and what isn't legitimate protest and dissent."

"One of the things that the hearings have brought out," said Ichord, "is that some of the student leaders had been in contact before the Chicago convention with military leaders of North Vietnam."

Ichord said "when I am chairman I will not allow the committee to be disrupted as it has in the past."

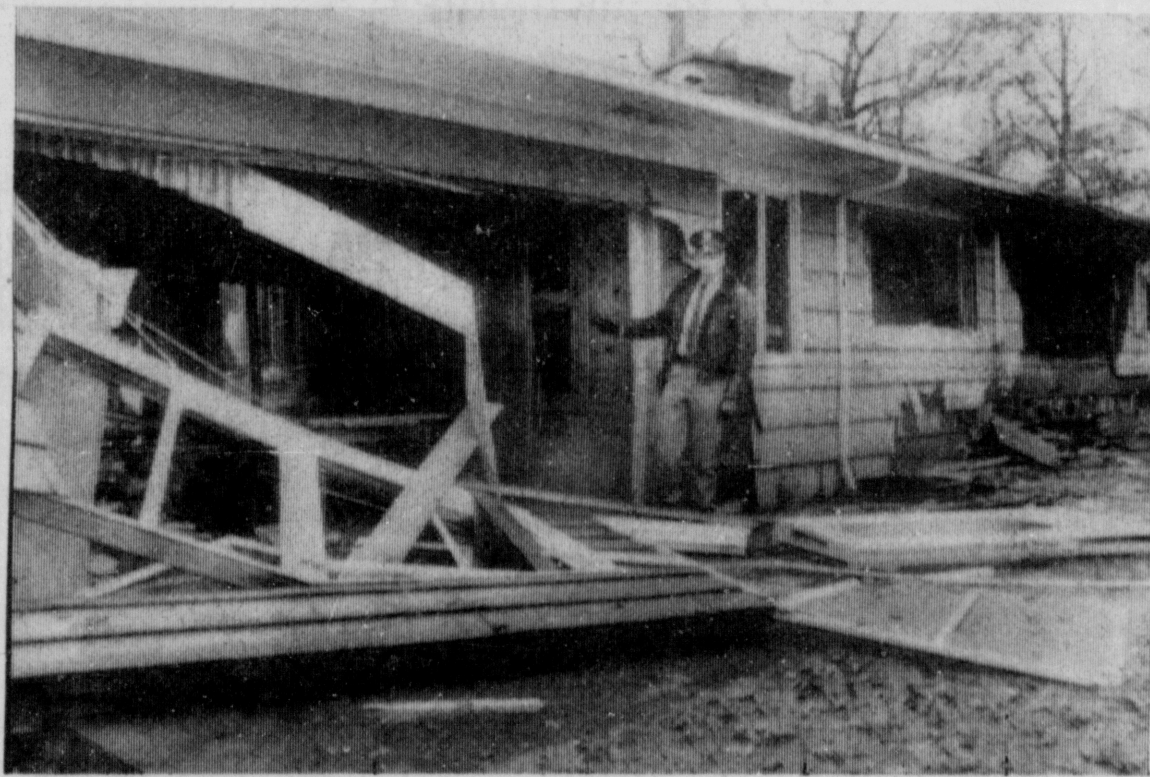

Some witnesses have appeared in bizarre costumes, semi-dress, and one witness suddenly walked out while being questioned.

Ichord said he will reintroduce a bill which would change the committee's name to the House Committee on Internal Security.

Preliminary To Saigon Role In Paris Parley

PARIS (AP) — U.S. and North Vietnamese diplomats have begun private meetings in Paris looking toward the opening soon of the expanded Vietnam peace conference, informed sources said today.

The preliminary U.S.-North Vietnamese discussions are being held in anticipation that the South Vietnamese delegation will arrive late this week. The American and North Vietnamese representatives are reported working on arrangements for a preliminary procedural meeting attended by representatives of the four groups who will sit at the conference: The United States, North Vietnam, South Vietnam and the National Liberation Front, the political arm of the Viet Cong.

This session would work out the time, place and at least minimum procedures for the formal opening of the conference.

U.S. diplomats expect a double-track negotiation when the conference gets under way.

One of the tracks would deal primarily with the military situation and ways to scale down the fighting. The United States would be deeply involved in this bargaining which could produce limited agreements at an early stage.

The other track would involve political affairs in South Vietnam, would be handled mainly by the Vietnamese and would probably move at a slow pace for months.

This is assuming that: 1. The Communists agree to deal with some military items separately rather than insisting on wrapping everything into one package.

2. The expanded parley does not blow up early when the rival Vietnamese start hurling charges at each other face to face.

The delegation from the Saigon government is expected here this week, and the broadened talks are expected to start shortly thereafter.

The new round is to include negotiators from the United States and North Vietnam who began meeting last May, and from the South Vietnam government and the Viet Cong's National Liberation Front.

President Johnson set a precedent for steps to reduce the level of combat with his order Oct. 31 halting the bombing of North Vietnam. He tied this to North Vietnam's not "abusing" the demilitarized zone between the two Vietnams and a curb on shelling of South Vietnam's cities.

U.S. negotiators believe that despite a flurry of charges and countercharges, Communist violations of Johnson's terms have not been on a large enough scale to warrant resumption of the bombing.

The U.S. delegation has kept

San Francisco Students Plan New Disruptions

SAN FRANCISCO (AP) — Student demonstrators say they plan more disruptions at the opening today of San Francisco State College. Authorities promised swift reaction.

The new president, Dr. S. I. Hayakawa, said he would keep the school open. He said this was the wish of the "vast majority" of the 18,000 students and 1,100 faculty members who want to get on with education.

The Black Students Union, joined by the Third World Liberation Front, called a strike Nov. 6, demanding the reinstatement of a militant Negro instructor, more courses on Negro subjects and the admission of all Negro student applicants, regardless of qualifications. After class boycotts by students and teachers and some disorders the school was closed Nov. 22.

The Third World Liberation Front represents noncaucasians other than Negroes.

Will Use Police

On Saturday Hayakawa declared a state of emergency, under which police will be nearby if needed, and students and faculty members disrupting classes can be dealt with quickly.

He promised due process in all cases, but speedy expulsion of students found guilty, and temporary but prompt suspension of any teachers refusing to teach.

Five days of missed classes means automatic resignation by a teacher, said Hayakawa, and the resignation will be promptly accepted.

The campus has been in turmoil since Nov. 1 when Dr. Glenn Dumke, chancellor of the 19-campus state college system, ordered suspension of George Mason Murray, a part-time San Francisco State instructor and graduate student who is a Black Panther leader.

Suspension Ended

Murray's 30-day suspension ended at midnight Saturday.

Hayakawa said Sunday night he had decided what to do about Murray, but had not announced it.

Hayakawa, a 62-year-old semantologist, said in interviews that much of the troubles on the campus stem from the "hunger for humiliation" which he said some white liberals experience because of guilt feelings over American treatment of Negroes.

He said such whites "will take as revealed truth anything an angry black man says."

"They are capable of getting

their whole idea of how American Negroes think and feel from listening to a few extremists and black neurotics with an identity problem, and imagining that they are beginning to understand the Negro," he said.

Cite 2 Companies For Pollution

LANSING (AP) — Citations are to be sought Tuesday against two Michigan manufacturing operations charged with violating state air pollution rules and regulations.

The State Public Health Department's air pollution control section said it would seek citations against the Midwest Foundry of Coldwater and the Michigan Sugar Co. plants in Caro, Carrollton, Sebawing and Crosswell.

The department said that in both instances it has received complaints from local government, health agencies and area citizens.

Steam Runs Car

SACRAMENTO, Calif. (AP) — The California Highway Patrol says a steam engine will be tested in a patrol car early next year.

The engine was developed by Lear Motor Corp. of Reno, Nev., whose engineers say it can produce 450 horsepower and reach 130 miles an hour.

Escanaba Youth Killed In Deer Hunt Accident

An 18-year-old Escanaba Area High School senior Saturday became the only gun-fire fatality of the 1968 firearm deer season in the Upper Peninsula.

Allan Beauchamp, 803 1st Ave. S., died instantly about 1:30 p.m. while hunting in Section 34, Spaulding Township, Menominee County, about five miles west of Whitney.

State Police of the Stephenson Post, who are continuing an investigation into the accident, said Beauchamp was struck in the forehead by a blast from a shotgun being carried by a hunting companion.

Walking Behind

Troopers said Beauchamp was walking behind and to the right of Preston J. Preston, also 18, of 801 1st Ave. S., Escanaba, when the 20 gauge double barrel shotgun being carried by Preston discharged. The two youths were members of a hunting party which also included Preston's father, Joseph, and his brother, Robert, of Wilson. Preston and Beauchamp were moving to a post position before the start of a deer drive by the other hunters, officers said.

Joseph Preston said today that the shotgun being used by his son was owned by Beauchamp. He said that he had hunted with both young men previously and both were careful in the woods.

Beauchamp was pronounced dead at the scene by Dr. K. C. Kerwell of Stephenson, Menominee County medical examiner.

The deer season, which began Nov. 15, ended about 3 1/2 hours after the accident.

Allan Beauchamp was born in Escanaba on Oct. 15, 1950, and had lived here all his life. His father, Lloyd Beauchamp, died in 1963. Allan is survived by his mother, Mrs. Mary

John P. Smallwood, Michigan State Highway Department, Houghton.

The group was addressed by E. M. "Matt" Laitala, state conservation commissioner.

Also eligible to receive certificates as registered professional engineers, but not present at the meeting were: John E. Erickson, 406 S. 4th St., Escanaba; and Gordon C. Hulbert, Rte. 1, Gladstone.

Traffic Claims 33 In Michigan

By The Associated Press

Three accidents alone claimed 10 lives as traffic mishaps killed a total of 33 persons over the long, four-day Thanksgiving holiday weekend in Michigan.

The victims lost their lives during the period from 6 p.m. Wednesday through midnight Sunday.

Most of the fatalities occurred before the start of the regular weekend period at 6 p.m. Friday. Only 10 persons lost their lives in traffic mishaps from that time until midnight Sunday, an unusually low proportion for that span of a holiday period.

The worst crash claimed four lives Friday night when a car struck a bridge abutment on I 75 at Flint. Two other accidents each claimed three lives.

Robert Murray Dies Suddenly

Robert J. Murray, 28, of Rte. 1, Gladstone, died suddenly of an apparent heart attack at his home about 3 a.m. today.

Mr. Murray was born Dec. 12, 1939, in Escanaba and had resided in the area all his life. He was a 1958 graduate of Holy Name High School and was employed by the Escanaba Paper Co.

He was a member and secretary of the Brotherhood of Pulp & Sulphite Workers union, was a member and treasurer of the Mead Rod & Gun Club, and also was a member of St. Anthony's Church, Wells.

Survivors include his wife, the former Jacqueline Peterson; three sons, Jimmie, Jeff, and Brian, and one daughter, Laurie Ann, all at home; his mother, Mrs. Germaine Murray of Escanaba; his grandmother, Mrs. Judith VanDeWeghe of Gladstone; one sister, Mrs. Thomas (Carol) Lutz of Milwaukee and one brother, Kenneth Murray of Green Bay, Wis.

Friends may call from 3 to 9:30 p.m. Tuesday at the Allo Funeral Home. Parish prayers will be recited at 8:30 p.m. Funeral services will be held at 9 a.m. Wednesday at St. Anthony's Church, Wells, with Rev. Norbert Frieberger officiating.

Youths Named To Legislative Study

State Senator Thomas Schweigert (R-Potosky) reports that Thomas Jensen, 1509 N. 18th St., and Joseph Muelhaus, 321 S. 13th St., Escanaba, have been named to participate in the YMCA Youth Legislature at Lansing Dec. 12-14.

Muelhaus will seek the office of governor and Jensen the office of lieutenant governor.

"You are to be congratulated for this interest in our government and I am confident that you will learn much about the complexities of the legislative process," wrote Schweigert. "I am proud to endorse your candidacies."

Rooming House Fire Kills Two

DETROIT (AP) —Two men were killed and two others injured Sunday when a rooming house was partially destroyed by a fire.

Dead are Goshen Cloud, 47, and Willie Howard, 44, both of whom lived in the rooming house next to a fire station on Detroit's East Side.

Willie Tompkins, 26, was listed in serious condition in Detroit General Hospital with burns. Edward Glover, 45, was hospitalized with smoke inhalation and was described as in satisfactory condition.

The fire started in an enclosed rear porch on the second floor, said Capt. Theodore Dornkamp, but the cause was not immediately determined. The rear half of the building was completely destroyed.

The blaze was discovered by two patrolmen in their scout car. Firemen were not aware of it until they were notified, officials said.

The Troubled Franc

It must be hoped that Americans understand some of the complexities of the money troubles of France. Its franc was expected to be devalued to acknowledge its reduced prestige in international exchange, but Charles DeGaulle chose not to devalue, but to try to tough out his country's money crisis and keep its exchange rate.

DeGaulle wasn't helpful when the dollar was under attack, nor when the British pound was being devalued, so it would be rather natural if there were a disinterested "Too bad, Charlie," attitude outside DeGaulle's France about her currency problems. But it is of great concern to us and to all other nations. Collapse of France's money system could drag us all down.

In this fix France's old enemy, Germany, has been very friendly and helpful to her and has tried to stem the rush of speculators who were dumping their francs and buying German deutschmarks.

By not devaluing the franc DeGaulle has not solved his country's money problems. It remains to be seen whether by imposing credit controls, reducing the French government's spending and encouraging export business and discouraging imports he can strengthen France's position in money exchange. It was very courageous of DeGaulle to refuse to devalue and he may pull it off if the French people will be as helpful to their government in this crisis as the governments of Germany, the United States and other nations have been.

It was the French people who pushed their money into its present pickle. The strikes which paralyzed France this year were settled by large wage increases which set off inflationary trends that destroyed confidence in the franc. (In our own dollar crisis the world's exchange similarly showed its distrust of our chronic failure to balance our exchange (spending more abroad than we were taking in from abroad) and sold dollars for gold.

This country has spent \$115 billion in foreign aid since the end of World War II and it has permitted American tourists to spend billions abroad and has helped capital-starved nations with loans and investments. Result was a huge transfer of American wealth abroad which created a foreign distrust of the stability of our currency. Unless the United States has a strong balance of payments position with other nations, our dollar can suffer some of the same pressures which now threaten the franc.

We have been reluctant to do the bold and right thing in this matter because the Johnson Administration has chickened for political reasons. It's unpopular to restrict travel, reduce aid or investments. But eventually and inevitably a nation must pay for the way it lives and when it begins squaring accounts in international money exchange economics replace patriotism. Foreign holders of dollars want them to be as good as gold and when there are suspicions about the worth of American money they dump it.

This money trap has caught DeGaulle and France.

Our dollar's acceptability abroad rests on the pledge of the U. S. to redeem dollars held by foreign governments for gold at a value of \$35 per ounce. This came out of the international monetary agreement reached at Bretton Woods, N.H., in 1944, when the International Monetary Fund was created. It binds 111 member nations to monetary exchange rules that require a nation to keep its own money within one per cent of its declared worth. A nation cannot devalue its currency without IMF permission.

While nations belonging to IMF must keep their currency exchange rates steady, there's no compulsion to keep their international payments in balance at the prevailing exchange rate and this situation results in imbalances in exchange and puts strains on national monetary systems, as it is doing now with France's franc.

The immediate crisis of the franc was created by the greater attraction of Germany's deutschmark as a currency, reflecting the great vitality and stability of the West German economy. France isn't broke but it didn't control inflation and Germany did. Frenchmen sold francs and bought deutschmarks.

The crisis is another reminder that the world's money exchange system needs another overhaul. It's a patchwork. DeGaulle scrimped to build France's gold reserve and it was being spent at the rate of \$800 million a day at the height of the crisis to bolster the franc.

World War I shattered the gold standard as a backing for money and it has never recovered. (It had endured only 50 years before the war.) Nongold money in the form of paper currency and bank checks was replacing gold in domestic use and it was coming to serve primarily as a reserve base, and an increasingly slender base.

The free nations today are recognizing their interdependence in money exchange and trying to devise a money system which will be stable and not restricted to the size of the world's gold hoard, which is too small to back a currency sufficient for today's global economy.

Senate To Inquire Into Car Fix Costs

More than any car, the Model T Ford still seems to generate nostalgic conversation and essays, all of them usually centering on the machine's most fondly remembered characteristics.

Modern cars, of course, are more beautiful, more comfortable and certainly speedier. There is only one area, really, where the newer cars have steadily lost ground: repairability.

A mature Model T might be full of tumors but most of them were benign and its ailments, according to legend, could generally be healed with a stitching of baling wire.

In most ways, new cars are necessarily more complex but keeping them in repair has grown to be one of the major emotional and financial drains of modern life.

Questions And Answers

Q—Where is the "Cradle of Liberty"?

A—Faneuil Hall, Boston, Mass., so-called because it was the scene of some of the most stirring scenes of the American Revolution.

Q—What is the length of a span, a measurement used in Biblical times?

A—In ancient Hebrew measurement it was the distance between the tip of the thumb and the tip of the little finger when the hand is opened as wide as it can be. This was approximately nine inches.

Q—In how many shapes do fingerprints appear?

A—Experts have discovered that every fingertip makes one of four general patterns—arch, loop, whorl or composite.

Q—Who was the first to receive the Distinguished Flying Cross?

A—Charles A. Lindberg, decorated June 11, 1927.

Q—Was Ulysses S. Grant nominated for a third-term presidency?

A—Yes, although Grant did not win the nomination, James Garfield being selected by the Republican delegates in Chicago.

Q—What is the oldest ruling house in the world?

A—Haile Selassie, emperor of Ethiopia, is 225th in a line which stretches straight back to its founder, the Queen of Sheba.

Q—Is the bald eagle protected by law?

A—Yes, in the United States and its possessions.

Q—Under what name did Henry Wheeler Shaw write?

A—Josh Billings.

Q—What is the meaning of the name Winifred?

A—Winifred is an Anglo-Saxon name meaning "lover of peace."

Consumers, first of all, generally feel at a severe psychological disadvantage in a repair shop.

In part the high cost of repairs can be traced to the auto designers' drawing boards.

One late model, for example, has a protruding grill that is very stylish but a 3-mile-per-hour impact against it can generate a \$139 repair bill.

On another auto, an \$8 bearing is so deep in the bowels of the engine that it can only be replaced by \$74 worth of labor.

And bumper heights are so varied that a big car's mild jolt can often cause grievous wounds to the trunk of the small car ahead.

Last month, I addressed an automotive engineers' convention on this problem in a speech that was perhaps a little presumptuous since I can lay claim to no engineering degrees.

Designers are faced with the problem of selling cars and it is perhaps true that most consumers, at the moment of purchase, are more preoccupied with a car's good looks than its repairability. But I think there is a growing number of motorists who are eager for repairability and maybe the stylists ought to be made aware of it.

Almost all repair shops have what are called "flat rate books" which tell mechanics how much time should be charged for each of thousands of repair operations.

Manufacturers publish these books and others are sold to garage owners by private publishers. The private publishers

Jim: "One of the most spectacular falsecard plays is to win a trick expensively rather than inexpensively."

Oswald: "The play is spectacular because there are times when it costs the falsecarder. It is usually made by declarer but can be used by a defender."

Jim: "Here is a hand defended by Bobby Wolff that shows this maneuver at its best. South studied the hand at great length before playing to the first trick."

Oswald: "He was trying to find nine tricks. He counted two spades and three hearts and needed four tricks in the minor suits. He wasn't going to get his nine if East held the ace and queen of diamonds and the king of clubs, otherwise he could finesse successfully against either the club king or the diamond queen."

Jim: "Bobby thought along with South and recognized his problem. He also figured out just how South planned to play the hand."

Oswald: "South must have led the jack of diamonds at trick two and let it ride. This would give him three diamond tricks if West held the queen. If East won the trick with the queen, South planned to fall back on the club finesse."

Jim: "That is exactly what South did and the diamond play worked, to all appearances. The jack lost to Bobby's ace."

Oswald: "If South could have looked into Bobby's hand that falsecard would have cost Bobby three over-tricks but there was no reason for South to think anything except that West was sitting there with the queen of diamonds. He won the spade return and took another diamond finesse. Bobby took his queen and cashed three spade tricks."

Ann Landers

Orders Freeloader To Hit The Road

Dear Ann Landers: Every one who reads your column sees himself sooner or later. My story was so similar to the woman who got stuck with her husband's cousin that my friends insist I wrote that letter. I didn't, but I could have. Here's how my husband solved the problem.

The same week I came home from the hospital with a new baby, my husband's cousin Orrin came to visit. He ate like there was no tomorrow, smoked his head off and slept till noon—on the couch and in the raw. Every morning my husband had to go to the living room and cover Orrin up before I got out of bed. Our "guest" didn't have a dime to his name so of course he could not pay for anything, including his own dry cleaning. We tried to get him a job but no job was good enough.

When Orrin began to order me around like I was his personal maid, my husband said, "That does it." He packed Orrin's suitcase and told him to catch a ride on the road. That was two years ago and we haven't seen or heard from him since, which suits us fine.—MRS. A. OF ILLINOIS

Dear Mrs. A. of Ill.: I've said it before and I'll say it again. It takes two to create a situation such as you describe—a freeloader who will take all he can get and a gutless wonder who will tolerate it. If your husband had not thrown the bum out he'd still be with you.

Dear Ann Landers: I'm celebrating today. I haven't had a drop of alcohol for six months. But don't congratulate me yet. Wait a year. But I can't wait a year to tell my story. Please print it for other women who might recognize themselves and do something about it.

Two years ago I fell into the habit of fixing myself a martini to get a lift before my husband came home to dinner. Sometimes he'd be late and I'd have two martinis. When he arrived I'd fix him a Scotch and have another martini. After dinner I'd go back to the martini pitcher to see if there was anything left.

Mornings were horrible. I needed something to get me going so I put gin in a rubbing alcohol bottle and kept it next to the mouthwash in the medicine cabinet. By noon I needed another belt. Pretty soon I was sipping all day.

One night my husband came home and found me passed out on the sofa. There was no dinner and the children were running loose in the neighborhood. He laid down the law—either I stop drinking or else. I made promises which I never kept. He gave me chance after chance. Finally he saw a lawyer about a divorce. The lawyer suggested A.A. and joint counseling. We both agreed and it worked like magic. I feel confident that I will never drink another drop. It's like a miracle. What I did others can do, tell them.—SPOKANE

Dear Spokane: Write to me six months from today. I'd like to know you've made it through the year.

Do you feel ill at ease out of it? Is everybody having a good time but you? Write for Ann Landers' booklet, "The Key To Popularity," enclosing with your request 35c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a self-addressed and stamped envelope.

Christmas Mass At Steel Mill

VATICAN CITY (AP) — Pope Paul VI will celebrate Christmas Eve Mass at midnight at a steel mill in Taranto, an economically depressed region of southern Italy.

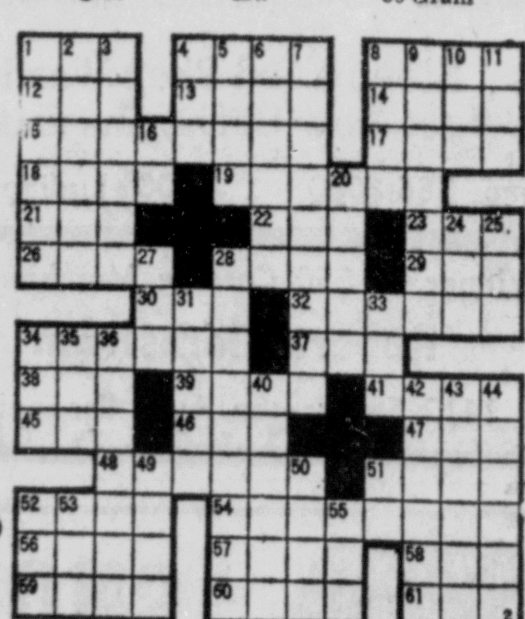

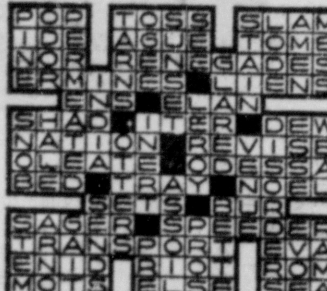

"With my presence I want to convey to the metal workers the brotherly presence of Christ," the pontiff told an audience Sunday in St. Peter's Square.

The pontiff urged Roman Catholics to observe Christmas "not as a day of worldly wastefulness and selfish joy but as an event of common goodness and serene hope."

Santa and the Hippies

By LUCRECE BEALE

Synopsis: An elf tells Santa Claus of a boy so bad he doesn't deserve any Christmas. Santa says perhaps the boy would like to live in pieville.

CHAPTER 2 HIPPIEVILLE

EDGAR the elf went to see Henry Wetherpoon who called himself Ding Dong.

Ding Dong was lying on his back on his bedroom floor playing a zither with his toes. It was the middle of the night and his folks thought the sound of the zither was Ding Dong snoring in his bed. It was that kind of a sound.

Edgar slipped in the open window and grabbed Ding Dong by the toes. Twang! Clang! went the zither as two strings broke and popped Ding Dong on the nose.

Ding Dong sat up and stared at Edgar. "I'm dreaming! Man! What a dream!"

"You are not dreaming," snapped the elf. "I'm Edgar and though I'm an elf I'm real enough. I've come to tell you that Santa Claus is not at all pleased with the way you have been acting."

Ding Dong rocked with laughter. "Who cares?" he said disdainfully.

Edgar glared. "Your Mother and your Father are not very pleased either."

"So what?" snorted Ding Dong.

"If that's the way you feel," said Edgar, "perhaps you'd like to go to Hippieville. A lot of boys and girls live there who are just like you. They don't study. They don't take baths.

"This is the place for me!" cried Ding Dong

They stay up all night."

"Wonderful!" cried Ding Dong. "How do I get to Hippieville?"

"Follow me," said Edgar and added with a sigh. "I hope you won't be sorry." He pulled himself up the bedroom curtains and slid out the window.

"Wait!" cried Ding Dong rushing to the window. "I can't see you!"

"Just come!" shouted Edgar. His voice sounded miles away.

Ding Dong wiggled out the window but when he dropped to the ground he wasn't outdoors at all but in a long corridor that went on and on as

far as he could see.

"Wait!" he shouted again. He couldn't even hear Edgar's reply. He thought of climbing back into his bedroom but the window wasn't there. There was nothing but the long, long corridor.

He began to run. Now he wasn't at all sure he wanted to go wherever it was he was going but there didn't seem to be anything else to do except run as fast as he could to get there.

Actually it wasn't a terribly long way. Ding Dong was hardly out of breath when the corridor ended. He was in a dirty street of tumbled-down houses. He went to the nearest house and knocked on the door. There was a lot of noise inside but no one came to the door. Ding Dong pushed it open and went in.

The house was packed with kids. They were dancing on the mantel and banging on dishes and painting on the walls and shooting popguns at the chandelier.

There was not a grownup around to tell them to be quiet or stick in their shirt tails or get the hair out of their eyes or wipe their faces which were smeared with chocolate candy.

"This is living!" thought Ding Dong happily. "This is the place for me!"

Legion Sponsors Distribution Of Cheer Baskets

The American Legion is again sponsoring a project to provide Christmas food baskets to distressed and needy veterans and their dependents in the community, it was announced today by Roman Gill, commander of Cloverland Post No. 82, Escanaba.

This has been a community service program of the Legion locally for over 40 years and is aimed primarily at needy children so they might have a brighter Christmas and enjoy some of the goodies that go with the holiday season, said C. Elmer Olson, who has been appointed by Commander Gill as chairman of the Christmas Basket Committee.

The remembrance of those a little less fortunate at Christmas time is described by Commander Gill as typifying the Christmas spirit, when holiday baskets carry a message of cheer and happiness.

Pittsburgh Girl Wins Miss Teen-Age Title

CHICAGO (AP) — Melissa Babish, the new Miss Teen-Age America, says that despite her selection as the nation's foremost high school girl, she's "absolutely, positively normal."

Miss Babish, 16, who also holds the title of Miss Teen-Age Pittsburgh, said Sunday, "I come from a small high school and have friends and relatives like everybody else."

A dark-eyed brunette, she was crowned as the nation's outstanding teen-age girl Saturday night in Fort Worth, Tex.

She said she objects to a description of the competition as a beauty contest.

"It's not a beauty contest," she declared, "and the winner is not the most glamorous, beautiful or most intelligent girl in the United States—she's the most typical teen-ager."

Miss Babish, who plans to pursue a career in law, said she maintains an "A" average at South Fayette High School in McDonald, Pa.

She is scheduled to speak at a 4-H Club dinner Tuesday night honoring the 60 winners of the organization's petroleum power award during the annual 4-H Convention.

Hints from Heloise

By HELOISE CRUSE

Dear Heloise:

When I took my baby off baby food I used quick-cooking cereals for breakfast, but before I could cool the cereal, the baby would be hungry and crying.

Now I've learned to drop an ice cube in the hot cereal, stir only a few seconds, then remove the remainder of the ice cube and the cereal is ready to eat.

As most hot cereals cook rather thick, the melting cube doesn't make it too thin.

Sherry

Now, that's what I call finding your COOL right quick, Sherry! Great!

Special Limited Enrollment Period Ends Midnight, Dec. 7, 1968

Now...for people of all ages — \$100.00 a week extra cash income when you go to the hospital!

SEND NO MONEY NOW!

Examine the policy without obligation.
Pay only if you decide to join.

AT LAST, HERE IS A PLAN THAT ACTUALLY PAYS YOU:

- extra cash up to \$10,000 ■ extra cash direct to you
- extra cash from your first day in hospital ■ extra cash up to 100 weeks ■ extra cash to use any way you want to
- extra cash in addition to Medicare or any other insurance!

NO AGE LIMIT • JOIN NOW • THIS INTRODUCTORY OFFER LASTS ONLY 5 MORE DAYS!

NOW...you and your family can join this Extra Cash Income Plan with no red tape, no questions to answer, no medical examination, no age limit, without having to see a salesman and without any qualifications whatsoever. But you must mail your Enrollment no later than Midnight, Dec. 7, 1968

Why You Need This EXTRA CASH Plan In Addition To Ordinary Hospitalization And Medicare

You know, of course, that the tremendous jump in hospital costs has forced millions who already have hospitalization to dig into savings or go into debt. Even with Medicare, they risk using up their savings or, worse yet, turning to family and friends for help. In fact, very few people have enough savings, hospitalization or income to cover the TOTAL cost of being sick or injured.

How long could you stay in the hospital without worrying about the pile-up of daily expenses? Who will pay for the expenses of costly X-rays, doctor bills, drugs and medicines? And how about the expenses at home—rent, food, telephone and others that just go on and on? With expenses like these, could you avoid having your savings wiped out and your family life upset?

Better Safe Than Sorry

Wouldn't it be comforting to know these problems could be solved by your Extra Cash Income Plan—the plan that gives you \$100.00 a week—IN CASH—tax-free—from the very first day you're in the hospital for up to 100 full weeks.

PAYS YOU CASH...\$100.00 a week tax-free cash from first day in hospital!
PAYS YOU CASH...to a maximum of \$10,000.00 for any hospital stay lasting 100 weeks!
PAYS YOU CASH...Money mailed direct to you—not to the doctor or hospital!
PAYS YOU CASH...in addition to hospitalization, Medicare and Workmen's Compensation!

Even If You Are Over 65 This Extra Income Plan Pays You Cash in Addition to Medicare and Other Insurance!

Even though Medicare will pay most of your hospital expenses, it just can't cover everything. Your Extra Income Plan helps solve this problem by paying \$100.00 a week, in cash, direct to you, for as long as 100 weeks...and gives you the privilege of spending this money any way you want to. With your total benefit amounting to \$10,000.00 you'll never have to turn to your children or charity. You'll keep your financial independence and enjoy the peace of mind that this Plan's EXTRA CASH will give you.

Absolutely NO LIMIT On Age

This Plan welcomes you no matter what your age is —and without any qualifications whatsoever! Even if you're over 75 you're still eligible...provided, of course, that you fill in and mail the Enrollment Form during this limited enrollment period.

EXTRA CASH Gives Peace Of Mind And Security,
Helps Replace Lost Income

Everything costs more these days. (Who knows better than you?) Hospital costs alone have TRIPLED in just a few short years...and they're expected to DOUBLE soon. While 7 out of 8 Americans have some hospital insurance, most find that benefits simply don't cover ALL the bills that mount up when sickness or accident strikes.

Union Fidelity created this low-cost Hospital Income Plan to help cover your UNCOVERED expenses while hospitalized...to put EXTRA CASH in your hand for bills from the doctor, the surgeon, the nurse, the druggist or anyone else who provides service and treatment you need and want. You may even have enough left over to help REPLACE any income you lose because of your confinement.

And remember: Your EXTRA CASH is paid direct to you...and you use it any way you want to.

These Are The Only Exclusions!

The new Union Fidelity "Extra Income Hospital Plan" has NO WAITING PERIODS. It covers you immediately for every possible kind of sickness and accident except, of course, hospitalization caused by mental disorders; act of war; pregnancy, childbirth or miscarriage; or care provided in a government hospital. It even covers you for any chronic ailment or pre-existing condition after your policy has been in force for only 2 years. EVERYTHING ELSE IS COVERED!

Send No Money—Special Offer Expires
Midnight of Date Shown on Coupon Below!

To introduce you to this remarkable new Plan we are making this unusual offer with a Money-Back Guarantee. To take advantage of this tax-free "Extra Income Hospital Plan"—Form 478—fill in the Enrollment Form on this page and mail it before Midnight of the expiration date shown.

When you receive your policy, examine in the privacy of your home. Show it to your lawyer, your doctor, your clergyman or any advisor. Then decide for yourself...and while you're making up your mind, you can be protected by this wonderful Plan by sending in only one month's premium at the low rates shown below. If the Extra Cash Income Plan isn't everything we say it is, return the policy within 30 days and your money will be cheerfully refunded with no questions asked. However, if you decide to continue this worthwhile protection, you may do so at these low rates:

Union Fidelity Monthly Rates

Age at Enrollment	Monthly Premium
0-39	only \$3.80
40-54	only \$4.80
55-64	only \$5.80
65-74	only \$6.80
75 and over	only \$9.10

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the exact amount you will continue to pay for the life of your policy. It will never increase because you pass from one age bracket to the next! It won't even change because of frequent claims or the amount of money you collect. It can change only if there is a general rate adjustment affecting all policies of this type in your state.

How Can We Offer
All This Protection for So Little?

If you're lucky, you can buy ordinary insurance at any time and pay regular rates. But NOW—with just a stroke of your pen—you can get Union Fidelity's \$100 a week (\$14.28 per day) Extra Cash Income Plan for the special low cost shown above. And how is this possible? BECAUSE UNION FIDELITY ENROLLS A LARGE NUMBER OF PEOPLE AT ONE TIME...direct by mail. This highly efficient "mass enrollment" cuts our costs to the bone. We are able to issue thousands of policies in a few short days. By this method our overhead expenses are reduced drastically. And the savings are passed on to you!

And bear this in mind: the rate you pay now will never be increased because of changes in your health or age—nor will your benefits ever be reduced!

A Nationally Respected Company

As important as the cash income itself, the low cost and ease of enrollment, is this one vital fact: Your policy is backed by the resources, integrity and national reputation of Union Fidelity Life Insurance Company of Philadelphia, an old line legal reserve company licensed in 49 states and Washington, D.C.

Easy To Join—No Red Tape—
No Salesman Will Call

Join NOW. During this limited enrollment period there are no qualifications whatsoever...but you must mail the Enrollment Form BEFORE the Midnight deadline. We will issue your "Extra Income Hospital Plan," mail it to you to examine in your home and put it in force on the very same day we receive your premium payment.

Why not take a moment right now to fill in your Enrollment Form and mail it today.

**SEND NO MONEY
No Risk Money-Back Guarantee!**

Because we're so confident this Extra Income Plan that PAYS CASH direct to you is the best low-cost protection now available, we make our famous Money-Back Guarantee. When you get your policy look it over. Pay only after you have examined the policy! You must be 100% satisfied that your Plan is exactly what we promise and exactly what you want. If you're not, send the policy back to us within 30 days and we will REFUND YOUR MONEY IN FULL...AT ONCE. But meanwhile you will be protected. And if you decide to continue this wonderful protection, you do so at the low rate that will never be raised because you grow older!

**SEND NO MONEY
Until After You
Have Examined Your Policy**

JOIN NOW—"TOMORROW" MAY BE TOO LATE!
This is a limited enrollment. YOU MUST ACT NOW! The expiration date shown below can't be extended. If your Enrollment is mailed later, it can't be accepted. TIME IS PRECIOUS! Get your Enrollment Form in the mail...today!

18 Important Questions Answered

That tell you how Union Fidelity's \$100.00-A-Week Extra Cash Income Plan gives you the protection you need—at amazingly low cost!

- How much will this policy pay me when I go to the hospital?
You will receive \$100.00 per week.
- When will my hospitalization benefits start?
The day you enter the hospital.
- Will I be paid if I am in the hospital for less than a full week?
Yes. This new Plan pays if you are in the hospital for only a day, or a week, a month, a year.
- Does this policy have any "waiting periods" before I can use it?
No. It will go in force on the very same day that we receive your payment for the first month's coverage.
- How long will I continue to receive my Extra Cash?
For every day you are hospitalized for as long as 100 weeks for every covered accident or sickness.
- Is there any red tape to join?
No. We only ask you to complete and mail your Enrollment Form before the deadline date shown. No questions to answer. No salesman will call.
- Suppose I collect benefits for a certain sickness or accident. What happens if I am hospitalized again for the same condition?
You go back to collecting your \$100.00 a week until you've been hospitalized for a total of 100 weeks and have collected \$10,000.00. Then, if the same condition puts you back in the hospital after you've resumed your normal activities for six months, you become eligible to receive \$100.00 a week again, for up to 100 additional weeks. Any new condition will be covered immediately, of course.
- How may I use these benefit payments?
You may use them any way you wish—for hospital and doctor bills, rent, food, household expenses or anything else. You alone decide how to use the money.
- Why do I need your Extra Cash Plan in addition to my other insurance?
Chances are your present hospital insurance won't cover all your hospital and medical expenses. Even if it did, you will still need extra cash to cover all your household expenses.
- May I join if I am over 65?
Yes. You are welcome to join no matter what your age is. This Plan has no age limit.
- Can you drop me? Can you raise my rates?
No. We will never cancel or refuse to renew your policy for health reasons so long as you make your premium payments on time. Also, we guarantee that we will never cancel your protection or adjust your rate unless we take the same action with regard to all policies of this type in your state. You, of course, can drop your policy on any renewal date.
- What is not covered by this policy?
The only conditions not covered are hospitalization caused by mental disorders; act of war; pregnancy, childbirth or miscarriage; or care provided in a government hospital. You are even covered for any chronic ailment or pre-existing condition after your policy has been in force for only two years. Everything else is covered.
- Can other members of my family take advantage of this special offer?
Yes. Just add their names to the Enrollment Form when you fill it in.
- Why is this offer good for a limited time only?
Because by enrolling a large number of people at the same time our underwriting, processing and policy issue costs can be kept at a minimum. These savings, of course, are passed on to you.
- Do I need a medical examination or a statement from my doctor?
Definitely not. Send no money. Just fill in the Enrollment Form and mail today.
- What other advantages are there of joining this Plan now?
By joining now you do not need to complete a regular application—just the brief form in the lower right-hand corner of this page. Also, during this enrollment period, there are no other qualifications—no "waivers" or restrictive endorsements can be put on your policy.
- How does the Money-Back Guarantee work?
Examine your policy carefully in the privacy of your home. If for any reason you are not completely satisfied, return it within 30 days and we will promptly refund your money. Meanwhile, you will be protected while making your decision.
- How do I join?
Fill in the brief Enrollment Form (be sure to sign your name) and send no money. Mail it to Union Fidelity Life, 104 South Main Street, Fond du Lac, Wisconsin. 54935

LBJ Considers Senate Call Up

SAN ANTONIO, Tex. (AP) — A decision on whether to call a special session of the Senate, plus a probable briefing by his No. 1 peace negotiator await President Johnson in Washington as he winds up a six-day ranch holiday.

White House aides said during the long Thanksgiving weekend that Johnson was still considering calling the Senate back to vote on ratification of the nuclear nonproliferation treaty.

Presumably the chief executive will have to make up his mind this week in order to get senators rounded up and back in the capital with some time for debate before the Christmas holidays.

Due in Washington today for an expected conference sometime this week with Johnson was Ambassador Averell Harriman, chief U.S. negotiator at the Paris peace talks.

One of the first things on the presidential agenda, however, was a social event. The Johnsons both have been invited to a women's National Press Club dinner tonight, honoring Mrs. Johnson.

It was a quiet, mostly rainy, relaxing holiday at the LBJ Ranch for the President.

The President's only public appearances were at five church services—two on Sunday and three in a 24-hour period on Thanksgiving. He also made an unexpected visit to the 23rd annual Blanco County Hereford Breeders bull and heifer sale Saturday afternoon at Round Mountain, about 20 miles north of his ranch.

Mrs. Johnson made a Saturday excursion to her girlhood home in Karnack, a little town in East Texas. She flew there in a rainstorm and planted three magnolia trees, descendants from a tree Andrew Jackson planted at the White House.

Senator Nelson Rakes Tom Francis

Lakes Region Aid Program Criticized

By JEAN WORTH

The low boil in the Upper Great Lakes Regional Commission has finally bubbled up on the surface and let off some steam.

U.S. Senator Gaylord Nelson (D-Wisconsin) says that a lack of action by the commission made him very dissatisfied with Thomas S. Francis, the former federal co-chairman of the three-state economic development agency.

Senator Nelson, however, criticized as "a big puffup" an article in the Washington Post and Milwaukee Journal indicating that he and Senators Philip A. Hart (D-Michigan) and Walter F. Mondale (D-Minnesota) had joined in a political plot to get rid of Francis.

Francis Resigned

Francis left the Upper Great Lakes Regional commission Oct. 15 to accept appointment as director of the Economic Development District Program of the U.S. Commerce Department's Economic Development Administration. He had served as a federal co-chairman of the Regional Commission since his appointment by President Johnson in August, 1966. The other members of the commission are the governors of Michigan, Wisconsin and Minnesota.

"I objected to the operation of the commission because nothing happened," Nelson said. "What we wanted was some action to help the Upper Great Lakes Region."

There had been a political power play within the Regional Commission, with a reported conflict between the three Re-

publican governors and five Democratic U.S. senators from the states. The commission must go to Congress for its funding.

Served Wisconsin

Senator Nelson's reported candidate for the federal co-chairmanship was Harold C. Jordahl, for whom he obtained the position of alternate federal co-chairman a year ago. Jordahl is a long time associate of Nelson and served as director of the Wisconsin Department of Resource Development when Nelson was governor of Wisconsin in 1959-63.

When Francis left Jordahl moved up to acting federal co-chairman of the commission, but he is reported not planning to stay. He has been offered a professorship at the University of Wisconsin and plans to take it.

State Acts

Francis was a frequent visitor to the Upper Peninsula as federal co-chairman and when the commission got funds to aid public works in the regional Upper Peninsula got a good share of it. More than \$800,000 went to the Copper Peak ski project near Ironwood, \$100,000 to the Escanaba Airport, more than \$80,000 to Sault Ste. Marie for bridge repairs, and sizeable sums to community colleges in the top of the lower Peninsula for building and vocational education projects.

Michigan moved more aggressively to develop a program of projects that would be eligible for Regional Commission funds than did Wisconsin of Minnesota. The Michigan State Department of Commerce was the state agency charged with development of projects and Governor Romney also created a State Advisory Task Force to counsel the commission. It is headed by Harold Vanierberghe of Escanaba.

The problems of the Regional Commission, as viewed from Michigan thus far, are two:

1. There has not been much money available from Congress to finance projects in this three-state application of the Appalachia Plan to the Upper Great Lakes. (Michigan is working on some quickie projects at present and also a long range program of works.)

Couple Million

2. It has been difficult to coordinate planning in the three-state region, which has state variances in vocational education, etc. One of the areas of greatest need and promise has been vocational education, but the states have not moved strongly yet on a plan acceptable to the region and to the commission. The commission is seeking projects that have regional significance.

President-elect Nixon will fill the post of federal co-chairman next year. Where the program goes will depend more on Congress' view of its worth than upon the selection of a co-chairman. Appalachia has received more than \$1 billion in the sort of economic regional aid sought for Northern Michigan, Wisconsin and Minnesota, which have in three years received a couple million dollars.

Holiday Death Toll Is Record

By The Associated Press
Traffic accidents over the four-day Thanksgiving holiday took at least 754 lives, the highest highway death toll in any holiday period on record.

The count, which ran from 6 p.m. Wednesday to midnight Sunday, probably will run higher as late reports are received. Rain or snow covered highways over most of the nation for at least part of the holiday period creating hazardous driving conditions.

The previous holiday record was 748 deaths during the 1966 Thanksgiving holiday.

The National Safety Council considers Thanksgiving a "stay at home" holiday and made no estimate of traffic deaths over the period.

To provide a basis for comparison, The Associated Press counted traffic deaths during a four-day nonholiday period. The count during that period was 530.

The 1967 Thanksgiving traffic toll was 688.

Traffic deaths during other holiday periods this year were New Year's 376; Memorial Day 629, a record for that holiday; Independence Day 620; and Labor Day 688, also a record for that holiday.

Police Blamed For Chicago Riot

(Continued From Page One)

in the streets and clubbed them with night sticks.

It also notes that police training forbids the use of night sticks except when necessary for an arrest, self-defense or prevention of an escape. And it points out that police are ordered never to hit a person on the head with the club.

Daley said Sunday 10 policemen have been suspended for failing to wear identification during the disorders and four others "face dismissal proceedings for the use of excessive force."

He said the Police Department is continuing its investigation and added, "I am pleased that the report notes that the majority of policemen did act responsibly under exceedingly provocative circumstances."

Preliminary To Saigon Role In Paris Parley

(Continued From Page One)
under wraps so far just what specific combat reductions may be proposed to the Communists early in the conference. One possibility that has been mentioned is observance of the 1962 Geneva agreement which was supposed to guarantee the independence and neutrality of Laos.

Harriman In U. S.

Washington accuses Hanoi of violating that accord by wholesale movement of men and supplies through Laos into South Vietnam. U.S. planes bomb the route, known as the Ho Chi Minh Trail, around the clock. One U.S. proposal at Paris might be designed to stem such infiltration.

Another possibility is a proposal to hold down hostilities in specific localities or regions of South Vietnam. This would fall short of a general cease-fire, which U.S. officials do not consider practical until much later in the negotiating process.

The chief U.S. negotiator, W. Averell Harriman, said Sunday he hoped for fairly speedy progress on some items once the conference resumes but "a long-term settlement may take quite a while."

Harriman, who flew to the United States for a brief visit, said he would be glad to see President-elect Richard M. Nixon and give him any information he can if Nixon wants to see him. But Harriman said he assumes that after Nixon is inaugurated the new President will replace him with his own man and "there is no reason why a new team cannot take over without any substantial loss."

In New York, persons who have seen Nixon in the past week said he wants the maximum possible continuity in the U.S. negotiating position, and this was taken as an indication he might ask either Harriman or his chief deputy, Cyrus R. Vance, to stay on in Paris.

Mrs. Grenier Dies Sunday

Mrs. Patrick J. Grenier, a resident of Hermansville, died at 7 a.m. on Sunday at the Dickinson Memorial Hospital in Iron Mountain, where she had been a patient one day. She had been in ill health for the past year.

The former Geneva Lord, she was married in 1927 in Hermansville. She was a member of St. Mary's Church, Hermansville, and of St. Anne's Society.

Survivors include her husband, a daughter, Mrs. Hugh Allen of Green Bay; one brother, Dennis Lord, Green Bay and four grandchildren.

Friends may call at the Kell-Tondin Chapel in Spalding beginning at 4 this afternoon. The parish Rosary will be recited at 8 this evening at the Chapel.

Funeral services will be at 9:30 Tuesday morning at St. Mary's Church in Hermansville with Rev. Gervase Brewer officiating. Burial will be in Meyer Township Cemetery.

Hunter Wounded In Both Legs

SAULT STE. MARIE—Kevin V. Anderson, 19, was reported in satisfactory condition at War Memorial Hospital after being wounded in a hunting accident Friday southwest of Pickford.

Anderson was shot in both legs by a rifle bullet fired by a hunting companion, David F. Oberman, 36, of Kincheloe AFB. Oberman told police he mistook Anderson for a deer. The bullet entered Anderson's right leg above the knee, breaking a bone, and then continued into Anderson's left leg. Anderson reportedly was visiting at the air base.

Briefly Told

Committee members and Den leaders of Cub Pack 414 will meet at 7:30 p.m. today in the library of St. Patrick's School.

Mickey's Pastie Shop was entered over the weekend by intruders who took coins from the juke box, it was reported to city police at 6:47 a.m. today.

The rear of the Ken Arbour restaurant at 208 N. 23rd St. was entered over the weekend and one-half case of soft drink is missing, city police have been informed.

William Collins, 22, of 532 N. 3rd St., Wells, escaped injury about 2:30 a.m. Sunday when his car ran off Main St., Wells, and rolled on its side. Collins told officers he was forced off the road by another car.

Two juveniles have been picked up and turned over to their parents by State Police in connection with malicious damage at the Wells Post office. Troopers said glass in the front door of the post office was broken.

Traffic court notices have been issued by city police to Gerald E. Moore, 2005 5th Ave. N., failing to exercise due care; Otto J. Swanson, Gladstone Rte. 1 and Theodore Budek, Iron Mountain, both for improper starting and excessive tire noise.

Larceny of two buck deer from the residence of John Stiglitz, Rte. 1, Gladstone, is under investigation by State Police. Stiglitz said the deer were hanging up at his home Saturday when he went back to camp to spend the night. He told troopers the deer were gone when he returned Sunday.

Andrew Yanitsky, 57, of 1802 10th Ave. S., Escanaba, reported to State Police that he struck a deer with his car on County Rd. 557 in Wells Township, Marquette County, about 6:30 p.m. Sunday. Yanitsky told officers three deer jumped into the road and he hit one. He was not injured.

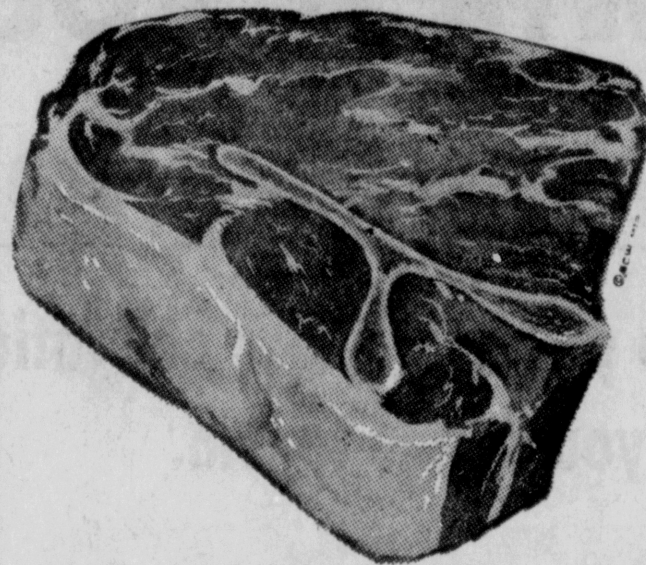

The last meeting of high school religion classes for the semester is scheduled at 7 p.m. Wednesday at Holy Name High School. A full-length movie will be shown. Students are reminded to register for next semester's classes which will begin after the Christmas holiday period.

A scout jamboree meeting will be held at Zion Lutheran Church, Manistique, on Tuesday, Dec. 3, at 7:30 for any scouts and their parents who would like to learn more details of the 7th National Jamboree which will be held at Farragut State Park, Idaho July 16 through 22.

James J. Cook, 19, of 525 Dakota Ave., Gladstone, was ticketed for violation of the basic speed law after a minor accident on County Rd. 420 about 11 p.m. Saturday. Officers said his northbound car slid on ice and hit a utility pole. Cook was not injured. Traffic summonses also were issued to John Andrysiak, East Detroit, speeding; Frederick Harris, Rte. 1, Wilson, over-height load, and William Peterson, Rte. 1, Rock, failure to stop for stop sign.

Bridegroom, 22, Shot In Abdomen

MANISTIQUE — A bridegroom, shot in the abdomen about three hours after his wedding Saturday, was listed in "good" condition at Schoolcraft Memorial Hospital today.

Victim of the shooting was Lawrence Lee Miller, 22, whose home address is Henryville, Okla.

Miller underwent three hours emergency surgery late Saturday night for removal of a bullet reportedly fired from a .25 caliber automatic pistol of German make.

Public Safety Director Roy Anderson said today that details of the shooting are still under investigation by his department. Anderson did say, however, that the wound was "presumed to be self inflicted."

Anderson this morning conferred with Prosecuting Attorney Gottfried S. Johnson on aspects of the case. At this time there is no indication that any charges are being prepared.

Obituary

WILLIAM J. HENDERSON

Funeral services for William J. Henderson of Nahma were held at the Anderson Funeral Home at 11 Saturday morning, with Rev. Carson Gerdeau officiating. He was assisted by Rev. Kenneth Connors. Burial was in Gardens of Rest. Pallbearers were: Rudy Jehn, John Schwartz, Joseph Sefcik, Roy Nadeau, Myron Moore and Harold Anderson.

Damage Minor In Furnace Explosion

Escanaba firemen responded to two fire calls over the weekend, the first on Saturday at 3 p.m. when a furnace exploded at the home of the Percy Rosenburgs, 1619 Lake Shore Drive. There was smoke and furnace damage.

Sunday evening at 7:07 firemen were called to the home of Mrs. Celeste J. Casey, 2205 S. 16th St., where fire started in a room off the kitchen. There was slight damage, firemen reported.

Hospital

Ruth Mary Morrow, 324 S. 10th St., is a patient at St. Vincent's Hospital in Green Bay. Her room number is 204.

On The Sidelines With Mike Utt

Craig Houle, son of former Escanaba residents Mr. and Mrs. Donald Houle, had quite an outstanding season on the gridiron this fall. His combined passing and running led Chelsea to the All-Southeastern Conference title and he was named the most valuable player for the second year in a row. Houle picked up 859 yards rushing and scored nine touchdowns and passed for 389 yards and five touchdowns as he completed 25 of 38 passing attempts. Houle plans to continue his grid career at Western Michigan University next fall.

Michigan State fullback Dick Berlinski, a former Kingsford High School grid star, led the Big Ten in punting this season with a 39.3 average on 33 punts. Berlinski also ran for 189 yards in 47 rushing attempts and caught three passes for 17 yards. In the Spartans ten games, Berlinski punted 42 times for 1600 yards, an average of 38.3 yards per punt.

Tom Brayak of Escanaba, who wrestles in the 177-pound weight class at Michigan Tech University, is one of eight returning lettermen on the Huskies mat squad this season.

Dave Haglund, senior guard for the Menominee Maroons, scored 28 points in the Maroons opening victory over the Kingsford Flivvers Wednesday night. Haglund is starting his third season as a varsity regular for Menominee, defending U.P. and Great Northern Conference champions.

Mickey Holmes tossed in 16 points Wednesday night to lead the West Iron County Wykons to a 66-46 victory over the Norway Knights, coached by former Hermansville mentor Don Hill. It was the second straight victory of the season for the Wykons.

Bob Pelkie's debut as head basketball coach at Gwinn High School turned out to be quite an exciting event as he watched his team nip the Crystal Falls Trojans, 82-78, Wednesday night. Gwinn trailed 41-36 at halftime and took the lead for good with two minutes left in the game. Gwinn held a one-point lead at the end of the first quarter and trailed by one at the end of the third quarter.

The Marquette Iron Rangers took a solid hold on second place behind the front-running Green Bay Bobcats in the United States Hockey League standings following a hard-fought 5-3 victory over the expansion Duluth Port Stars. The Iron Rangers now sport a 3-1 record in league play.

Colts Remain Cautious Following 44-0 Victory

The Baltimore Colts, more than anyone, know better than to rest on past accomplishments. And the Green Bay Packers are learning.

Only last year the Colts ran up a 11-0 record only to blow their division title to Los Angeles by losing to the once-beaten Rams in the last game of the season.

With that reminder, the Colts remain plenty cautious now with their 11- mark and half game lead over the Rams in the Coastal Division of the National Football League, despite a 44-0 rout over Atlanta Sunday for their third shutout in five weeks.

"Nothing we've done so far will mean anything unless we win the last one," was the way defensive tackle Fred Miller put it.

That last one is in two weeks against the Rams, who kept pace with an equally impressive 31-3 romp at Minnesota.

The Colts first must take on once-powerful Green Bay, which is finding out that two consecutive Super Bowl victories is no assurance that it will get a chance at a third.

On the contrary, the Packers have a good chance of not even winning the Central Division after dropping before San Francisco 27-20. Green Bay, at 5-6-1

NMU Defeated In Cage Debut

SHREVEPORT, La. — The Centenary Gents were hardly gentlemanly here Saturday night as they ruined the Northern Michigan Wildcat's cage debut 78-63.

The first half was nip and tuck with the lead changing hands nine times with five ties before the Gents grabbed a 34-32 edge at the buzzer. Some hot shooting pulled the hosts away to the easy victory in the second period.

Centenary ended the contest with 58 per cent from the floor and 70 per cent from the free throw line, while the Wildcats hit 40 per cent of their shots and 65 per cent on gift tosses.

The Gents also controlled the boards, pulling down 36 rebounds to the Wildcats' 29. The hosts hit only one more bucket than Northern, but outscored the Wildcats 30-17 from the free throw line.

Little All-American candidate Ted Rose dumped in 24 points from his forward post in spite of a heavily taped thumb to lead Northern, while guard Dave Kovack contributed 22 points. Guard Larry Ward paced the winners with 25 points while center Jesse Marshall added 18.

Northern goes from the frying pan to the fire, facing Tulane at New Orleans Tuesday night and Big-10 favorite Iowa at Iowa City on Wednesday night.

Norm Cash has hit more than 20 home runs for the Tigers for the last eight seasons.

Trojans Miss Top Spot In Tie Game Saturday

By The Associated Press

The Southern California Trojans, choking on a tie, will have to wait until New Year's Day now to get their do-or-die wish—No. 1 ranking.

The Trojans missed a chance last Saturday to retake the top spot from Ohio State when they wound up with a dissatisfying 21-21 tie against ninth-ranked Notre Dame.

"I wish we could go into sudden death instead of settling for a tie," muttered a disheartened O. J. Simpson, USC's Heisman Trophy winner, who had the worst day of his two-year varsity career.

His coach, John McKay, felt the same way. "We didn't start the game playing for a tie. Let's play until midnight if we have to."

Even Ara Parseghian, who knows about ties and No. 1 ranking, would have liked a sudden death overtime.

"Sure, let's go," quipped the Notre Dame coach, who had his team run out the clock in the final moments against Michigan State several years ago in a memorable tie that kept Notre Dame's top ranking that day.

Now the Trojans, who entered the game ranked second, could drop to third behind idle Penn State, which winds up its season Saturday against Syracuse before an Orange Bowl date with Kansas.

However, Southern Cal could get it all back in that do-or-die battle against Ohio State in the Rose bowl. There will be a final Associated Press poll after the bowl games.

Several other ranking teams had their troubles on college football's last big regular season weekend while Army had to go all out to edge underdog Navy 21-14 in their classic.

Tennessee, No. 7, and headed for the Cotton Bowl, needed Karl Kremser's 23-yard field goal late in the third quarter to get by Vanderbilt 10-7 in one of the many rivalries that highlighted the day.

Alabama, No. 15 with a Gator Bowl date, got by 18th ranked Auburn 24-16, while Arizona, No. 19, lost a chance at the Western Athletic Conference title by losing to Arizona State, No. 20, 30-7.

Georgia, No. 4, readying for the Sugar Bowl, belted Georgia Tech 47-8, and Oklahoma, No. 11, tuned up for the Bluebonnet Bowl with a 41-7 rout over Oklahoma State.

Houston, No. 10, fell to Florida State 40-20 Friday night.

Southern Cal, 9-0-1 took a 7-0 lead on Sandy Durko's 21-yard

run with an intercepted pass, but Joe Theismann, injured Terry Hanratty's fill-in, led the Irish to a 21-7 halftime lead.

Then USC came alive with Simpson scoring in the third quarter and Steve Sogge throwing 40 yards to Sam Dickerson in the fourth. The Irish, 7-2-1, had chances to win, but Scott Hempel missed field goal tries from 47 and 33 yards in the closing minutes.

"I've always wanted an undefeated season, but we still haven't lost," said Simpson, who managed only 55 yards in 12 carries. "We just started going after them too late."

A subdued McKay, asked if Notre Dame was the best the Trojans met this season, said: "I guess so; they tied us, didn't they?"

Charley Jarvis, who fumbled away Army's chance to beat Navy last year, got even with three touchdowns and carried 21 times for 88 yards and set an Army career rushing record of 2,334 yards. Glenn Davis held the record of 2,323.

But Army, a two touchdown favorite which blew a 14-0 lead, needed reserve quarterback Jim O'Toole's 64-yard pass to Joe Albano to set up the winning score late in the third period.

Showdown Tilts Scheduled Early

"Showdown" basketball battles are being played early in the Upper Peninsula this season.

Ewen-Trout Creek, which has abdicated as king of the Porcupine Mountains Conference, this week faces Bergland, their apparent to the PMC throne and certain to be one of the better small-school outfits in the Upper Peninsula.

In the Copper Country circuit, Houghton and Hancock collide, then the former takes on defending champion Baraga. All three have won three straight games.

Gladstone and Munising, big names in the Great Lakes Conference this winter, come together on the latter's court. The winner could be in line to displace Ishpeming as ruler of that league.

Finally there's a Michigan-Wisconsin Conference clash between Ironwood and Bessemer which could help determine which one will stay in the race against Badger teams.

Ewen-Trout Creek, after winning 43 of 47 games over a two-year stretch first as Ewen then as a combined school, dropped out of the Porkies loop to play an improved schedule which includes games with schools like Crystal Falls, Marquette Bishop Baraga, Wakefield, Bessemer and Hurley, Wis.

But Coach Rudy Perhalla's cagers will find they've got a man-sized tiger by the tail when they tangle with little Bergland—a school with one-third its enrollment.

Bergland lost three games to Ewen-Trout Creek last year, the last two by humiliating margins.

The Vikings, long a consistent winner but kept out of the tournament championship picture for years, have a strong club which, comprised mostly of juniors, could be one of the better Class D teams over the next two years. They've got plenty of height as well as experience to throw against another strong Ewen-Trout Creek quintet.

Bergland, incidentally, has two open dates on its basketball calendar and, according to Mark Lulich, former coach

who's now superintendent, the Vikings are eager to fill them "against anybody, anytime, any place!"

After the clash on the Vikings' floor, Ewen-Trout Creek will go against Hurley and Bergland will play another exhibition with Chassell.

The week's schedule: Tuesday—Ironwood at Maple, Wis., Norway at Kingsford, Menominee at Stephenson, Houghton vs. Hancock in Tech gym, Lake Linden at Baraga, Ontonagon at Painesdale, Ewen-Trout Creek at Bergland, Bark River at Trenary, Champion at Republic, Dollar Bay at Chassell, Powers at Hermansville, Rock at Rapid River, Marquette at White Pine, Superior Cathedral at Wakefield.

Friday—Ishpeming at Escanaba, Marquette at Newberry, Sault Ste. Marie at Negaunee, Ontonagon at Calumet, Escanaba Holy Name at Manistique, Gladstone at Munising, Iron Mountain at Menominee, Bessemer at Ironwood, Kingsford at West Iron County, Crystal Falls at Norway, Painesdale at Hancock, Baraga at Houghton, L'Anse at Lake Linden, Brimley at Sault Lorette, Rock at Bark River, Chassell at Bergland, Carney at National Mine, Cedarville at Pickford, Felch at Champion, Channing at Republic, Dollar Bay at White Pine, DeTour at Engadine, Wakefield at Ashland, Wis., Rapid River at Eben, Hurley, Wis., at Ewen-Trout Creek, Hermansville at Pembine, Wis., Butternut, Wis., at Ironwood Catholic, Mercer, Wis., at Watersmeet.

Saturday—Gwinn at Marquette Baraga, Charlevoix at St. Ignace, Engadine at Big Bay de Noc, Cedarville at Buckley, Canadian Sault Ste. Mary at DeTour, Onkema at Pickford.

Packers Blow First By Losing To 49ers

SAN FRANCISCO (AP) — John Brodie threw three touchdown passes—two in the fourth period to Bill Tucker—to lead a 27-20 San Francisco upset over the Green Bay Packers Sunday.

The loss put the Packers at 5-6-1, a half-game behind Minnesota and Chicago in the National Football League's Central Division.

Trailing 20-7 going into the last quarter, the 49ers struck for 20 points. Kermit Alexander intercepted a Zeke Bratkowski pass on the Green Bay 40 and returned it to the 24. Brodie hit Tucker for 19 yards and a touchdown.

With 10 minutes left, Brodie hit Dick Wither for 22 yards, setting up a 41-yard scoring toss to Tucker. Tommy Davis' extra point kick provided a 21-20 lead.

Davis padded the score with two more field goals, from 37 yards with 5:37 to go and from 13 yards with 53 seconds left.

Trailing 10-0 in the second quarter, Brodie took the 49ers 90 yards in 11 plays, all on passes. He completed nine of them, hitting Clifton McNeil for 16 and a touchdown.

Bart Starr, who led the Packers to the 10-0 lead and then left midway in the second quarter and did not return. Rookie Bill Stevens spelled Bratkowski briefly in the last four minutes.

The Packers' scoring came on two plunges of one-yard each by Jim Grabowski and two 44-yard field goals by Mike Mercer.

The Packers, their chances for a fourth straight NFL championship dimmer than ever, next play Baltimore and then Chicago. The 49ers play Minnesota and then Atlanta.

Brodie completed 24 of 39 passes for 319 yards. Green Bay quarterbacks were thrown five times for a total loss of 51 yards and finished with 44 net yards passing.

The Packers, forced to rely on their rushing attack, gained 173 on the ground, 88 by Grabowski. "San Francisco is a rough place for Green Bay," said Packer Coach Phil Bengson.

"The 49ers threw to their backs a lot, but that shouldn't have surprised us. The San Francisco pass defense was

great, especially in the second half."

As for Brodie's success, Bengson said: "There was no breakdown in our defensive secondary. Brodie was just getting too much time to throw."

Bengson said Starr was troubled with a rib bruise suffered several weeks ago and he didn't know if the quarterback would play against Baltimore next week. Bratkowski was hit hard on his knee late in the game and took himself out. But he came back in later and appeared all right.

Wings, Flyers
Battle To Tie

DETROIT (AP) — Rookie Jim Johnson's seventh goal of the season at 9:04 of the final period Sunday night capped a Philadelphia comeback that enabled the Flyers to break a five-game losing streak and tie the Detroit Red Wings 3-3.

Alex Delvecchio and Garry Unger scored for Detroit before the game was five minutes old as the Wings poured 19 shots at Flyer goalie Bernie Parent, their single-period high this season.

But the Flyers fought back with a blue-line screen shot by defenseman Ed Van Impe at 8:04 of the second period, drawing them close. Ten Don Blackburn tied the score at 1:31 of the third period.

Defenseman Kent Douglas' power play slap shot at 6:26 regained the lead for Detroit. But Johnson knotted it less than three minutes later.

Delvecchio's goal, his twelfth of the season, was scored at 1:19 of the first period when he put in Gary Bergman's rebound.

Grid Coaches Select All-American Squads

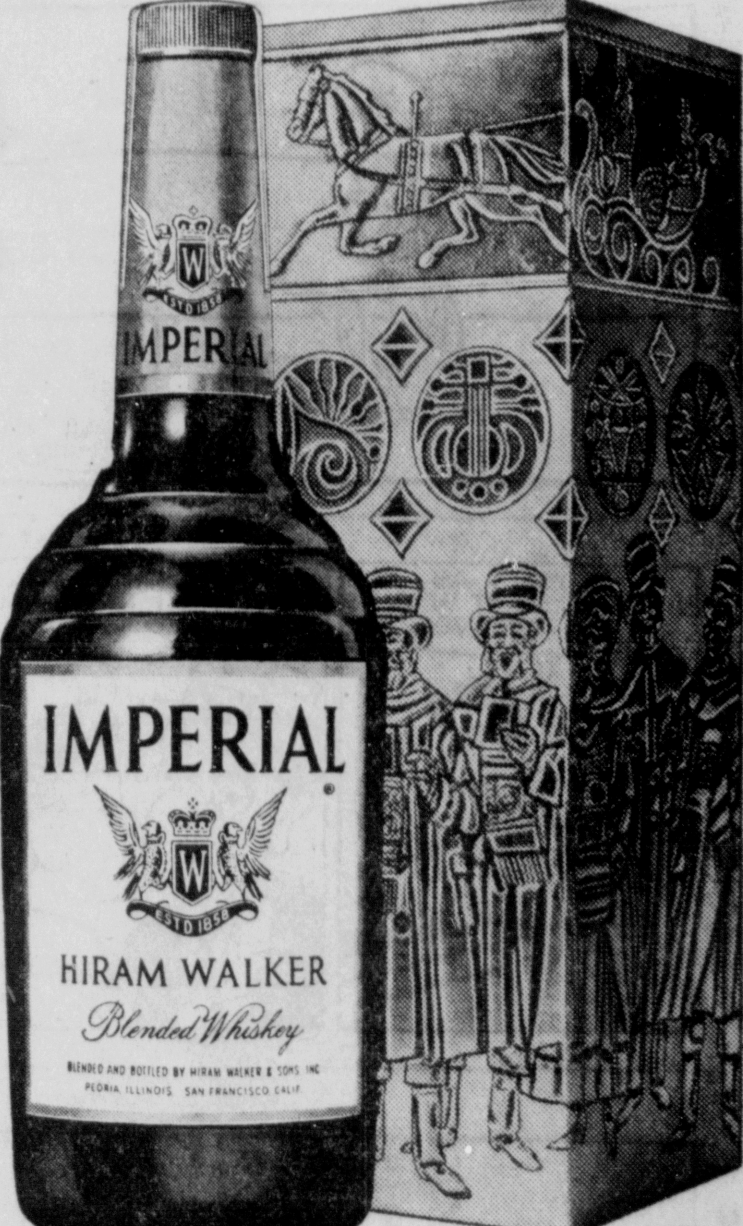

NEW YORK (AP) — O. J. Simpson, Southern California's Heisman Trophy-winning backfield flash, and four other repeaters were named today to the 1968 Kodak All-American college football team selected by the American Football Coaches Association.

Michigan State back Al Brenner was named to the defensive team but no members of the Big Ten runner-up, University of Michigan, team were selected.

Simpson and Purdue's Leroy Keyes, a pair of spectacular running backs, were named to the squad for the second successive year, along with offensive ends Ted Kwalick of Penn State and Ron Sellers of Florida State and defensive end Ten Hendricks of Miami, Fla.

Quarterback Bob Douglass of Kansas and Terry Hanratty of Notre Dame, who tied in the voting, and running backs Paul Gipson of Houston and Chris Gilbert of Texas also won backfield spots on the 79th annual coaches' squad.

Notre Dame's Jim Seymour and Southern Methodist's Jerry Levas joined Kwalick and Sellers on the offensive flanks.

'Ready-Fare' Bus Plan Working Well

DETROIT (AP) — The new DSR "ready-fare" plan designed to do away with holdups that have been increasing on the buses serving Detroit went into effect Saturday with DSR officials reporting it worked better than expected.

Officials at each of the DSR's four bus terminals said the first shift under the new plan showed "most of the passengers were very cooperative."

Under the new plan, only the exact fare is accepted for a bus ride. No money is handed to the driver and he is not allowed to make change.

Passengers without the correct change drop their money into the fare box, built like a safe, and are given a punched refund slip indicating the amount of change due them. It can be redeemed at DSR offices.

Special tickets also can be purchased in advance.

However, the old system, when drivers carried change, went out early Saturday with a robbery. One night driver said he was robbed as he neared the end of his last run.

News Of Fishing, Hunting Is Increasing Every Year

By LEE SMITHS
News of fish and wildlife, conservation, natural history grows in volume year after year, flowing steadily from the state, from federal agencies, from Ontario and from overseas. It is factual, dependable news, purged of the myth and legend that dominated stories of the outdoors in years past. Hoop snakes, man-eating

wolves, the lou garoo and eagles that carried off small children are rarely reported in modern times.
During the reign of Michigan pine the snow-snake terrorized green horns in logging camps. A Johnny-come-lately would be shown in the trails of mice in a brush pile and told to beware of a white snake with black eyes whose bite was fatal in

seconds. There were also, in the north woods, tales of the hog-dog the hide-behind and the side-hill gouger.

Scientific facts that make up news releases on outdoor affairs are more interesting if not quite as exciting as were the old-timer tales.

A new ally in the war on Dutch elm disease has been enlisted in Michigan. Michigan State University has released 100,000 wasps, of a European species that preys on bark beetles, the carriers of the infection that threatens to exterminate the American elm.

Meanwhile, opposition to chemical insecticides keeps gathering force. A news letter from the Michigan Pesticides Council includes this warning from states of the Lake Michigan basin — Illinois, Indiana, Michigan and Wisconsin: "Unless timely steps are taken to control persistent pesticides and other economic poisons, Lake Michigan's usefulness will shrink to the point of disaster."

From the Ontario Department of Lands and Forests comes a rather amazing report on commercial fishing showing that Lake Erie surpassed Lake Superior in total tonnage of food fish taken last year, although Lake Erie is considered doomed by fish biologists because of gross pollution.

A list of endangered wildlife species in the United States includes the alligator, which is being slaughtered by poachers to provide leather for lady's fashions.

Commercial killing menaces big game species in Africa. A New York furrier has advertised that he no longer sells garments using leopard or cheetah skins because too many of these handsome cats are being killed for the fashion market.

Conservation agencies have learned the hard way that restrictive laws are not enough. Habitat management is required to maintain stocks of fish and game. Michigan's first game law was enacted in 1859. It established a closed season on deer — January through July. In 1895 a law went into effect prohibiting the sale of venison and limiting a hunter to five deer — bucks, does, fawns. A deer license cost 50 cents. Michigan had the first official game warden, in 1887.

From Ontario, another odd item. There are wild buffalo within 300 miles of Detroit, in the Georgian Bay area. More than 30 years ago bison were released in the neighborhood of Sudbury. The latest count showed eight survivors. Poaching is blamed for the failure of that experiment. The eight that are left may be picked off during the coming winter.

Nonpublic School Aid Splits Farm Bureau

LANSING (AP) — Heated debate over state aid to nonpublic schools threatened to split the Michigan Farm Bureau membership just as it split the state's population last year.

But the nearly 500 delegates to the recent Michigan Farm Bureau convention argued and voted, and argued more, then finally decided to stay neutral on the question. They tabled a resolution opposing such aid.

They hope their neutrality will hold them in good stead when lawmakers come to vote on Farm Bureau-supported programs.

The state aid to nonpublic

schools question—sure to come up in the legislative session that opens Jan. 8—would reimburse parents or private and parochial school pupils for part of the education costs.

'Don't Table It'

Bills implementing that proposal failed to get out of House and Senate education committees during the past legislative session, but lawmakers are predicting the question will be one of the hottest they face next year.

"If we have representatives serving us in the Legislature we're not helping them much if we just say we don't want to touch it," argued one woman delegate. "If you don't like it, vote it down—but don't table it."

A man who argued for no stand on the question warned of "some organizations that may not support us on some matters more important to agriculture" if the Farm Bureau took a stand on "parochial."

"We'll lose friends on an issue we can't gain anything on anyway," he added.

Sticky Issue

Another delegate, a Catholic woman from Calhoun County, termed the resolution "very nasty, derogatory" and "one of the most biased resolutions I've ever seen Farm Bureau come out with."

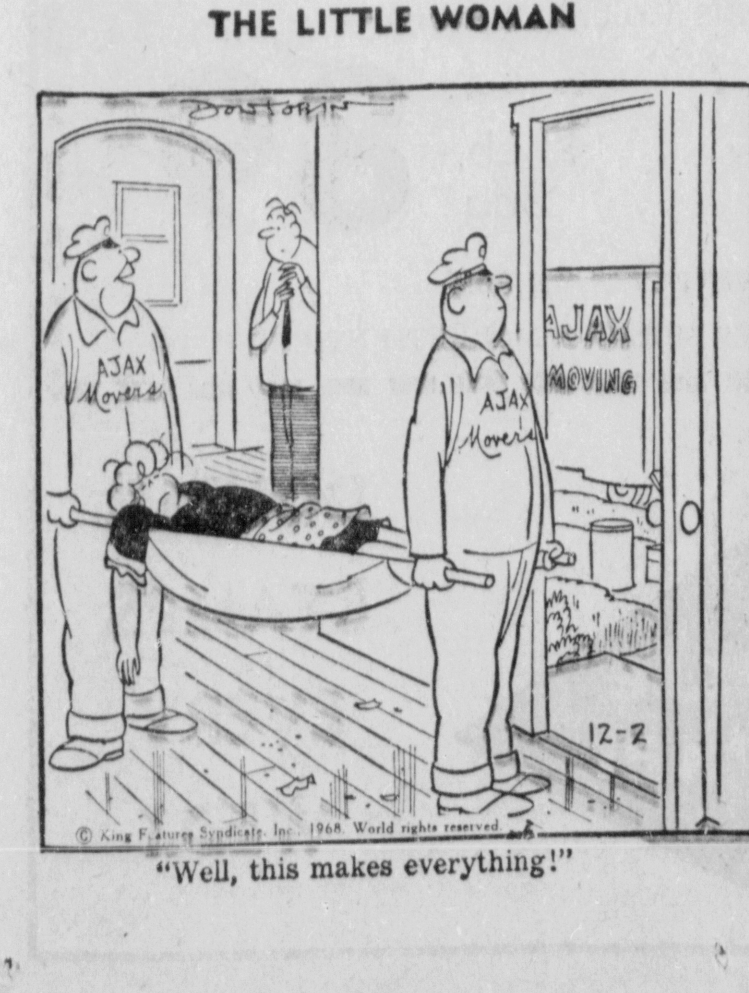

She objected to a statement in the proposed resolution that said private and parochial schools "seldom accept or retain problem or handicapped children."

One delegate asked to amend the resolution so that it stated only Farm Bureau opposition to the aid.

But comments like that of Farm Bureau legislative counsel Dale Sherwin won out.

Sherwin compared the matter to open housing — one of the stickiest and most debated questions during the past legislative session. "There was many a day I was happy we had no policy on that," Sherwin said. "I feel the same way about this."

At Momaia on the Black Sea, Rumanians have built 30 new glass-faced hotels lining a broad sandy beach.

Wallace Peck's Father Dies

William C. Peck, 73, father of Wallace Peck of Manistique died at Grosse Pointe on Sunday. In addition to Wallace, he is survived by his wife, Mary, and two other sons, Ralph and Russell.

Mr. Peck was born on March 4, 1895 in Hamburg, Germany. Funeral services will be held Wednesday morning at 11 at Verheyden Funeral Home, 16300 Mack Ave., Grosse Pointe. Burial will be in Forest Lawn Cemetery, Detroit.

Briefly Told

King's Delight, buttered corn, pickle chips, fruit and beverage are on the hot lunch menu for Tuesday at Central, Doyle, Fairview and Hiawatha schools.

State Police cited David Lee Demers, 358 N. Cedar St. for careless driving and Isaac W. Sidelinker, Royal Oak, failure to transfer registration. Both tickets were issued on Friday.

Pvt. Robert Mercier, son of Mrs. Gladys Mercier, 155 Maple Ave., has completed basic training at Fort Campbell, Ky. and is now assigned to Ft. Monmouth, N.J., where he will attend the Army School on micro wave repair and maintenance. He fired expert with M-14 rifle near the completion of his basic combat training at Ft. Campbell, Ky. The expert rating is the highest mark a soldier can achieve in his rifle qualification test.

Schools Hold 'Mini-Schedule'

Parents of Junior and Senior High School students will be able to visit their children's classes Wednesday evening when a "mini-schedule" program will be held beginning at 7:30. The evening visitation is being planned by the Junior-Senior Parent-Teachers Association.

Upon arrival, parents will be given their child's daily class schedule. The classroom visits will last about 15 minutes while the various teachers answer questions, explain briefly their courses and what they hope to accomplish.

Wednesday night's program is the second such one to be held at the Junior and Senior High School. Two years ago the Parent-Teacher Association sponsored a visitation which was very successful.

Refreshments will be served under the chairmanship of Mrs. Lawrence Burrell, president of the sponsoring organization. The program is a cooperative effort between the PTA and the Manistique Area Schools.

Banquet Honors 4-H Leaders

The Annual 4-H Leaders' Recognition Banquet will be held Tuesday at the St. Francis de Sales Parish Center. The 6:30 p.m. banquet, which will honor Schoolcraft County 4-H leaders, is being sponsored by the Inland Lime & Stone Co.

Arrangements for the banquet are being made through the Cooperative Extension Service with the Schoolcraft County 4-H Teen Club in charge of decorations and program. Cindy Frenette of Gulliver, president of the Teen Club, will act as mistress of ceremonies. Linda Gillam, Marsha Hubble and Jean Tuftnell will address the gathering. Music will be provided by a brother-and-sister team, Mary and Jim Weber, who will entertain with an accordion duet.

Special guests at the banquet will include Donald Brown, 4-H Youth agent for Delta-Schoolcraft counties, and Miss Ingrid Tervonen, Extension Home Economist. Miss Tervonen will also present an Alumni Award during the evening. Our Lady of Fatima Circle will prepare and serve the dinner.

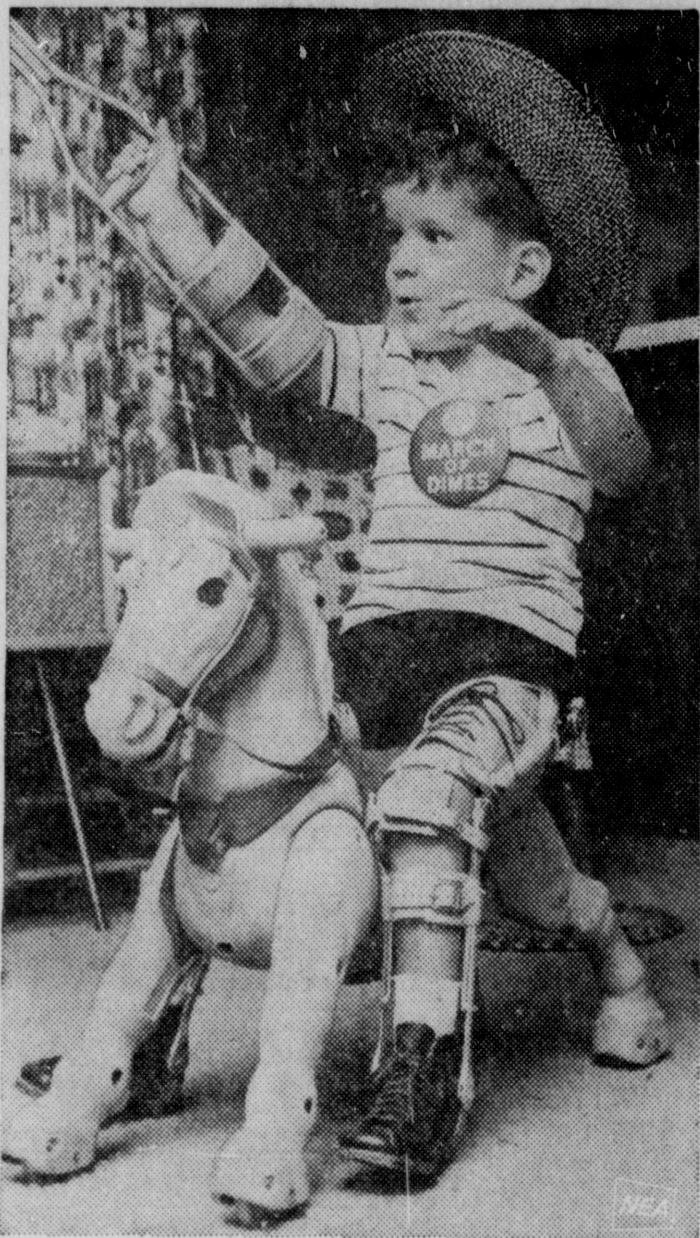

City Briefs

Born with spina bifida (open spine) and hydrocephalus (water on the brain), Tracy began life with a slim chance for survival. Now, however, after five major operations, he can walk with the aid of braces and crutches and enjoys roughhousing with his older brother.

Reuther Given Award In Israel

REHOVOT, Israel (AP) — U.S. labor leader Walter Reuther received the Weizmann Institute award for science and the humanities here Sunday.

A chair in the peaceful uses of atomic energy also was established in the name of the president of the United Automobile Workers Union.

Reuther was presented a box containing a plaque for the science and humanity award, and a scroll signifying the atomic energy chair.

Meyer W. Weisgal, president of the institute, cited Reuther as an "outstanding leader of the U.S. labor movement, indefatigable champion of the community of workers throughout the world and eloquent proponent of the uses of science for the betterment of man's estate."

In a ceremony attended by

U.S. Ambassador Walworth Barbour, Reuther called for a world wide commitment of nuclear power to the betterment of humanity.

"We need to work with renewed dedication and with renewed determination to shift the world power contest from the nuclear arms race to no arms race. No one can win the nuclear rat race," Reuther said.

"We need to shift...to a positive contest between out competing social systems to see which social system can best harness man's creative genius in the field of science and technology and relate that great power to man's peaceful purposes."

He told Israel: "You cannot get peace until the Arab nations are ready to negotiate and recognize the right of the people of Israel to exist—then peace will come to the Middle East."

And he added: "Social justice, like peace and freedom, is indivisible. The atom and its peaceful uses can be decisive."

Pronghorn antelopes were once as numerous in the West as buffalo.

Hospital

Admitted to the Schoolcraft Memorial Hospital on Friday were Margot Weber, Patricia Chisholm, Zoe Tobin, Hulda Henderickson and Daniel Solow. Discharged on Friday was Jackie Arbail.

Talk with the Smart Set.

What's the Smart Set? Why, a pair of extension phones—the sleek new Trimline® Phone that fits in the palm of your hand and the elegant Princess® Phone with a dial that lights up.

Smart looks, smart stepsavers, smart people getting with it. They're turning up everywhere in the most comfortable homes and apartments around.

So talk with the Smart Set. It's the only thing smarter than one extension.
